1. ACCEPTANCE: The purchase order, together with these terms and conditions, and any attachments and exhibits (collectively the "Purchase Order"), constitutes the entire and exclusive agreement between Mercury Corp. – Memory and Storage Solutions and any of its direct and indirect subsidiaries (each referred to as "Buyer") and the supplier identified in the Purchase Order ("Supplier"). Acceptance of this Purchase Order by Supplier is expressly limited to the terms and conditions contained in the Purchase Order. Any additional or different terms and conditions stated by Supplier in any proposal on Supplier's acknowledgement form or otherwise are deemed to be a material alteration of this Purchase Order and are hereby objected to by Buyer and shall be inapplicable to this Purchase Order unless specifically agreed to in writing by Buyer signed by an authorized representative of Buyer. Buyer's failure to object to provisions contained in any communication from Supplier shall not be deemed a waiver of any of the provisions contained herein. Supplier shall issue an order acknowledgement within three (3) days from receipt of this Purchase Order, which shall include a scheduled date of delivery.

2. PAYMENT: Unless otherwise agreed to in writing signed by an authorized representative of Buyer, payment to Supplier will be made seventy-five (75) days from the later of the date such invoice is received by Buyer or the date of receipt by Buyer of the products or services to which such invoice applies. Payment of any invoice shall not constitute acceptance of the products or services or a waiver of any right to test or inspect the products and shall be subject to adjustment in the event Supplier fails to meet the requirements of this Purchase Order.

3. PRICES: Unless otherwise specified on the face of this Purchase Order, prices include all applicable taxes except sales taxes, which are separately shown when applicable. Supplier warrants that the prices charged for the products or services will be as low as the lowest prices charged by the Supplier to any customer purchasing similar goods or services. Prices shall not be higher than those last quoted or charged to Buyer unless otherwise agreed to in a signed writing.

4. PACKING AND SHIPMENT: All products shall be packed by Supplier in suitable containers for protection in shipment and storage. No charge shall be made for packaging or storage. Products must be packed and shipped in accordance with good commercial practices to secure lowest possible freight or express charges. Supplier shall mark on containers shipping instructions and information, order number, item and account number, shipment date, and names and addresses of Buyer and Supplier. Shipment of products shall be F.O.B. Unless otherwise specified in this Purchase Order, the F.O.B point shall be to Buyer's location designated in this Purchase Order. Supplier shall bear all risk of loss or damage to the products and title shall not shift to Buyer until delivery of the products to Buyer's location.

5. DELIVERY: Time is of the essence for this Purchase Order. Failure by Supplier to meet delivery dates specified in this Purchase Order shall constitute a material breach of the Purchase Order and Buyer may, in its sole discretion: (i) cancel the Purchase Order in whole or in part; (ii) extend the time for delivery; and/or (iii) require Supplier to ship all or part of the products by prepaid air freight at Supplier's expense until Supplier's deliveries are in accordance with the requirements of the Purchase Order. Supplier agrees to pay Buyer any penalty and/or damages imposed upon or incurred by Buyer resulting from Supplier's failure to deliver the products or services on the specified delivery dates. Buyer may return or store at Supplier's expense any products delivered more than ten (10) days in advance of the delivery date specified for such products, unless otherwise agreed to in writing.

6. CHANGES: Buyer shall not accept any changes to this Purchase Order, including but not limited to specifications, processes, key suppliers, or changes in Supplier's manufacturing location, unless agreed to in advance in a writing signed by an authorized representative of Buyer. Buyer may make changes in the specifications and

drawings on any item at any time. Any delays or additional costs incurred by Supplier as a result of such changes shall be subject to an equitable adjustment of price and delivery schedule.

7. RESCHEDULE AND CANCELLATION: Buyer may reschedule, cancel or change all or any part of a Purchase Order at any time for convenience upon written notice to Supplier. Upon receipt of Buyer's notice, Supplier shall cease all work under the Purchase Order. Buyer shall only be liable to Supplier for services satisfactorily performed to the date of termination for custom products (but not standard products) and products or services delivered and accepted by Buyer. Supplier shall present to Buyer in writing any claim for reimbursement within twenty (20) days of Supplier's receipt of Buyer's written notice. Supplier shall mitigate its claim to the fullest extent possible, and Supplier grants Buyer the right to audit Supplier's books and records related to such reimbursement claim. Cancellation or termination by Buyer will not constitute a waiver or release of any rights and remedies of Buyer.

8. INSPECTION: All products are subject to final inspection and approval at Buyer's location or other place designated by Buyer. Buyer's failure to accept or reject products or detect defects during inspection does not relieve Supplier of its responsibilities to provide products in accordance with Purchase Order requirements.

9. CONFIDENTIAL INFORMATION: Any information that Buyer discloses to Supplier, including but not limited to, prints, designs, product development plans, marketing plans, business information, vendor lists, trade secrets, drawings, schematics, technical specifications, manufacturing techniques, forecasts, financial information, customer lists or other documents in connection with this Purchase Order, shall be deemed Buyer confidential, proprietary information. Supplier shall keep confidential and otherwise protect from disclosure such information. Supplier shall use all information only in the performance of and for the purpose of the Purchase Order. Supplier shall protect the information by using the same degree of care, but no less than a reasonable degree of care, to prevent the unauthorized use, disclosure, dissemination or publication of the information as Supplier uses to protect its own comparable confidential and proprietary information. Upon Buyer's request, and in any event upon the completion or cancellation of the Purchase Order, Supplier shall promptly return to Buyer all information. Supplier represents that its employees are contractually obligated not to disclose information obtained by Supplier's employees in the course of their employment and agree that only those employees who have a "need to know" for the purpose of this Purchase Order shall have access to such information. Buyer shall at all times be the sole and exclusive owner of its confidential information. All tools, equipment, dies, drawings or other materials paid for or furnished by Buyer under the Purchase Order shall be and remain the sole property of Buyer.

10. WARRANTY: Supplier warrants that all products and/or services that are furnished hereunder: (i) are free from faulty workmanship or the use of defective materials; (ii) conform to the specifications, drawings, sample or other descriptions furnished or specified by Buyer or furnished by Supplier and accepted by Buyer; (iii) do not infringe any patent, trademark, trade secret, copyright or other intellectual property rights or proprietary rights of any third party; (iv) will be of merchantable quality and will be fit for their ordinary intended purpose as well as any special purpose specified by Buyer; (v) are new and have not been previously used. Supplier also warrants that it has good title to the items, free from all encumbrances. These warranties will survive any inspection, delivery, acceptance, or payment by Buyer for the products and/or services and are in addition to, and shall not be construed as restricting or limiting any warranties of Supplier, express or implied, that are provided by law or exist by operation of law. In addition to the warranties above, Supplier shall extend all warranties that it receives from its vendors to Buyer and Buyer's customers.

The party that discovers the epidemic failure shall notify the other promptly; provided, however, that in the event Supplier discovers a failure that creates a risk of injury or death, Supplier will notify Buyer without delay and will also provide Buyer with written notice within twelve (12) hours of any notification made by Supplier to any governmental body responsible for regulation of product safety. Buyer agrees to notify Supplier promptly in writing in the event any such claim, demand, assertion of liability or action, is brought to Buyer's attention.

14. PATENT INDEMNITY: Supplier shall defend any suit or proceeding brought against Buyer insofar as such suit or proceeding is based on a claim that any products manufactured and/or supplied by Supplier to Buyer constitute direct or indirect infringement of any patent, and Supplier shall pay all damages, including attorney's fees, and costs finally awarded therein against Buyer. If the products manufactured and/or supplied by Supplier to Buyer shall be held to infringe any patent, and Buyer shall be enjoined from using the same, Supplier will exert all reasonable efforts, at Buyer's option and at Supplier's expense to: (i) procure for Buyer the right to use such

LIMITATION OF LIABILITY: Notwithstanding anything herein, or in any other document applicable to any transaction between Supplier and Buyer, both parties acknowledge that (A) in no event shall Buyer be liable for any loss of revenue, profit or for indirect, special, incidental, consequential or punitive damages to person or property arising out of or connected with the Purchase Order; and (B) in no event shall Buyer's liability in connection herewith or resulting from (i) the sale or use of any product supplied by Supplier or (ii) any services performed by Supplier hereunder, exceed the amounts paid to Supplier by Buyer under the applicable Purchase Order in the six (6) months preceding the action(s) which are the subject of and directly affected by such claims.

16. REMEDIES: If Supplier breaches its warranties as specified herein, Supplier shall, at Buyer's option, repair or replace any products which are returned by Buyer during the applicable warranty period set forth herein, or refund to Buyer monies paid by Buyer for such products or services. Supplier shall reimburse Buyer for any expenses or costs associated with such return, including transportation charges.

17. APPLICABLE LAW: This Purchase Order shall be governed by and construed under the laws of the Commonwealth of Massachusetts without reference to its conflict of laws rules or any other rules that would result in the application of a different body of law.

18. ALTERNATE DISPUTE RESOLUTION: Any dispute between Buyer and Supplier arising from or related to this Purchase Order or the subject matter hereof, including its validity, construction or performance thereunder, shall be exclusively resolved through arbitration by a mutually acceptable impartial and neutral arbitrator appointed by the Judicial Arbitration and Mediation Services (JAMS) in accordance with its rules and procedures. If the parties are not able to agree on an arbitrator within ten (10) days of the date of request for mediation is served, then JAMS shall appoint an arbitrator. Notice of arbitration shall be served and filed with the JAMS main offices in Irvine, California. 19. FORECAST: Any Buyer forecasts furnished under a Purchase Order are presented in good faith and are nonbinding on Buyer. Buyer shall only be liable for actual Purchase Order releases made by Buyer.

20. WAIVER: Each shipment made under any Purchase Order shall be treated as a separate sale and transaction, but in the event of any default by Supplier, if Buyer elects to continue to accept shipments, its action shall not constitute a waiver of any default by Supplier or in any way affect Buyer's legal remedies for any such default. If any provision of the Purchase Order is found to be illegal or otherwise unenforceable by any court or other judicial or administrative body, the other provisions of this Purchase Order shall not be affected hereby and shall remain in full force and effect.
