

# Introducing Buoy – Health Screen for Employees

- Checks symptoms related to COVID-19 daily before work
- Adheres to CDC guidelines and definitions (e.g., symptoms, exposure)
- Employees are instructed to select symptoms that are new, worsening, or unexpected
- If Buoy determines employee may have COVID-19 symptoms they will be instructed to contact their manager and to remain offsite
- [OCTOBER] deployment to all onsite employees

# Buoy – Quick Start for Employee

## What you need to know as an Employee:

1. **You must complete the Buoy symptom check process before coming to work each day** that you work In-Person/On-Site. This process takes less than 5 minutes and will continue for the foreseeable future.
2. **Buoy** can be accessed by smart phone, laptop or desktop computer
3. **Your Manager** will not have direct access to your data or your results.
4. **Work with your Manager** or HR business partner if you encounter issues with the **Buoy** process.

# READY FOR IN-PERSON WORK Result

What you need to do:

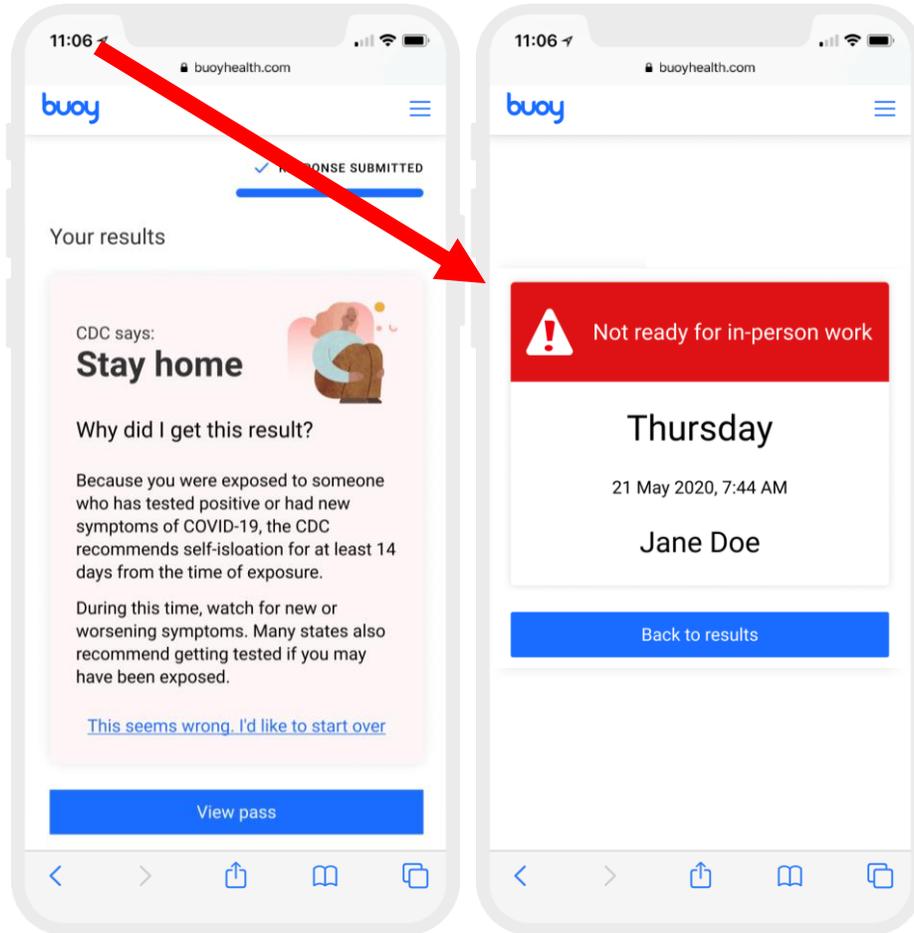

**Come in for work.**

**You are cleared to go to work today.**

# NOT READY FOR IN-PERSON WORK Result

## What you need to do:

1. **Call your Manager.** Let them know you are Not Ready for In-Person/On-Site Work today. If you cannot reach your manager, call your HR business partner.
2. **Go to CVS and get tested today.**  
Go to: [www.cvs.com/employertesting](http://www.cvs.com/employertesting) enter:
  - Home zip code
  - Date of birth
  - Gender
  - Employee ID (From your Mercury badge or Your Profile from the ADP Dashboard)
3. **Plan on staying home** until you have received your test results from CVS.
4. **Check in with your Manager** each day you are not working.
